

HopeWell Cancer Support Winter Weather Policy

In the event of severe weather conditions such as heavy snow, ice, or other hazardous conditions, HopeWell Cancer Support will implement the following procedures:

- If Baltimore County schools are closed, all HopeWell programs will occur *virtually* (via Zoom), and there will be no onsite programming.
- If Baltimore County schools open two hours late, onsite groups and classes that start before 11 a.m. will occur *virtually* (via Zoom).
- If Baltimore County schools announce an early school closing, onsite classes or groups scheduled after the closing will occur virtually (via Zoom).
- Any onsite classes or groups will be held virtually (via Zoom) if Baltimore County school evening activities are canceled due to inclement weather.

Listed below is the link to Baltimore County School closing notification.

[https://www.bcps.org/about us/emergency_notifications_school_closings_and_delays](https://www.bcps.org/about_us/emergency_notifications_school_closings_and_delays)

If inclement weather occurs when Baltimore County school is already scheduled to be closed, such as during the winter or summer breaks, an administrative decision will be made to continue with onsite programming or move all programming virtual as early as possible to ensure the safety of staff and participants.
